About A-PDF PPT to EXE (PPT Screensaver Creator)

A-PDF PPT to EXE (PPT Screensaver Creator) is a simple, lightning-fast and powerful desktop utility program that lets you to convert PPT file to professional EXE file or screensaver file. The EXE (.SCR) file can be copied to any computer and will run on Windows without running any additional program.

A-PDF PPT to EXE (PPT Screensaver Creator) also can convert PPT (Slideshow) into video file (MPEG, WMV or AVI). WMV and AVI video files can be played by most mobile devices, hardware DVD players so if you want to show your PPT presentation on computers or mobile devices where PDF Viewer is not installed or not supported then you should convert PDF into AVI or WMV video file.

Attention: If your DVD player does not support MPEG2 nor MPEG4 files, you might need an additional software for authoring DVD which will use MPEG2 files created by this program.

Why should we convert PowerPoint PPT files to EXE files?

Everyone can easily read EXE files.

If you want to send someone your PowerPoint presentation, or distribute it via the internet or through data CDs, the best way to ensure that everyone can read your presentation (no matter whether they have installed the needed version of PowerPoint on their computers) is to convert to a self-running EXE file using PPT to EXE Converter.

A-PDF PPT to EXE Converter runs easily and independently

A-PDF PPT to EXE Converter can be run without Microsoft PowerPoint installed. And the converted self-running exe file does not require Microsoft PowerPoint installed on your viewer's computer too.

A-PDF PPT to EXE Converter can perfectly convert the PowerPoint PPT file

A-PDF PPT to EXE Converter is an ideal solution for distributing PowerPoint presentations. It doesn't take imitation way, it can view full-featured presentations created by PowerPoint all versions, that is to say the converted exe file is exactly the same as the original PowerPoint PPT file.
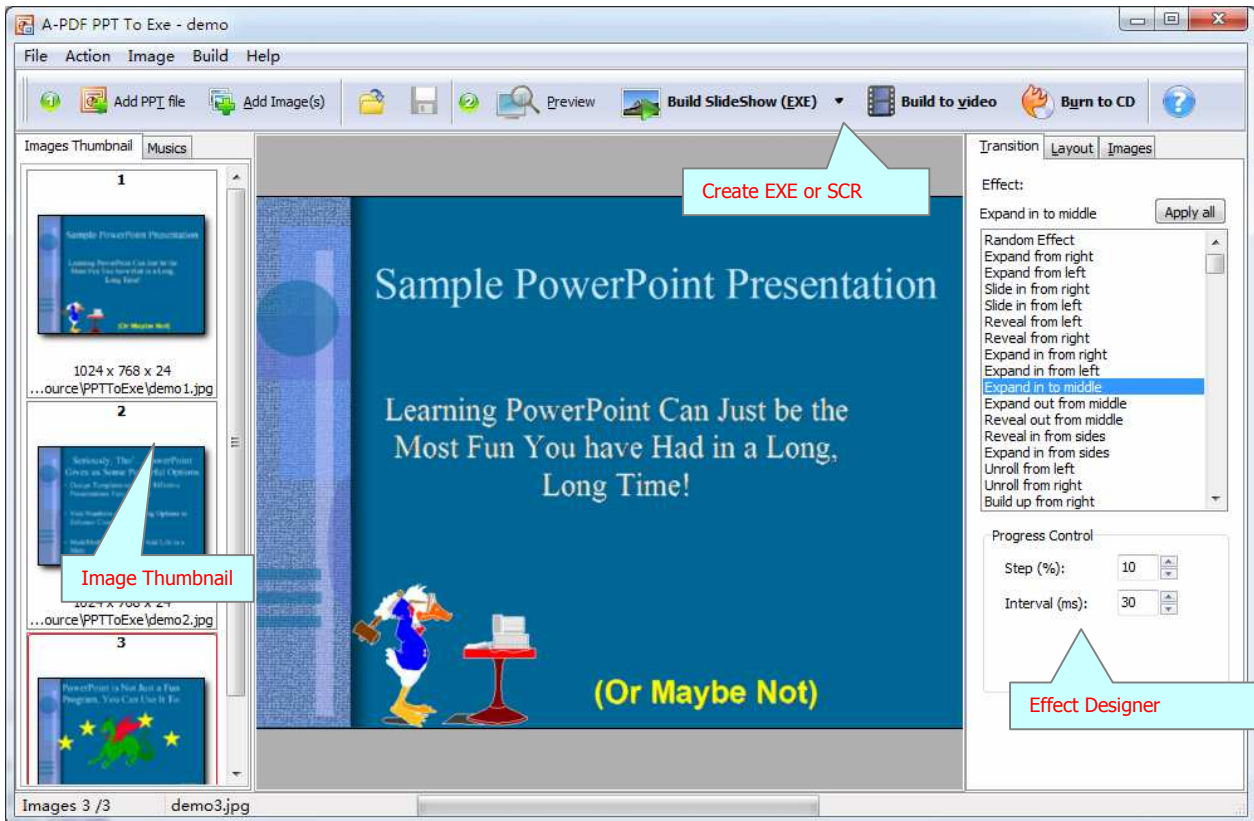

A-PDF PPT to EXE Convert can Create PPT as Screensaver

A-PDF PPT to EXE Converter enables you to transfer PowerPoint to screensaver, and create your unique screensavers.
